

This photo was taken in May, 2009. Linch Jewelry was the first neon sign fabricated by Warren Barber, in 1949. This sixty year old sign still shines bright and rarely needs service ! Unfortunately, Linch Jewelry recently went out of business.

The good news is Barber Sign Co, inc. is still alive and well..... Next year will mark 75 years of quality signage. Warren Barber is now 88 years old, and he still works two days a week !
